

BABILONIA (FLOOR)

PROJECT

SPEC TYPE

NOTES

GENERAL INFORMATION:

The Babilonia Floor Lamp by LOLA LIGHTING is a contemporary lighting fixture that draws inspiration from ancient architectural forms. Its design features a solid glass diffuser with vertical striations, enhancing both verticality and order. An internal diffuser ensures uniform light distribution, utilizing an integrated LED module that emits a warm 3000K color temperature. The lamp's structure is finished in shiny black galvanic nickel, complemented by bronze-rimmed Murano glass elements. Measuring approximately 35.5 cm (14 inches) in diameter and 190 cm (75 inches) in height, the Babilonia Floor Lamp is a testament to Italian craftsmanship, seamlessly blending traditional artistry with modern design principles.

MATERIAL:

Murano glass

VOLTAGE:

110-277V

LIGHTING:

LED

LED

IP RATING:
