GENERAL INFORMATION:

The Triangular Tube 12 pendant lamp by Lola Lighting is a sculptural lighting fixture composed of twelve handcrafted alabaster tubes, each measuring 60 cm in length. These tubes are arranged at varying angles and heights to form an irregular, three-dimensional triangular structure that descends from the ceiling, offering a contemporary and sophisticated aesthetic. The lamp emits a warm 2700K / 3000K glow. Available in multiple metal finishes—gold, black nickel, nickel, and matte white—the Triangular Tube 12 combines artisanal craftsmanship with modern design, making it a striking centerpiece for upscale residential or commercial interiors.
