NOTES

GENERAL INFORMATION:

The DOTS Pendant by Lola Lighting is a modern lighting fixture that turns simplicity into a refined design statement. Featuring a composition of elegant metal discs, this pendant plays with geometry, rhythm, and light. Each "dot" is strategically positioned to create visual movement and balance, making it more than just a light source—it's a sculptural centerpiece. Whether used as a single statement piece or grouped for greater impact, DOTS brings a sense of playful sophistication to any environment. With its unique form and warm, diffused lighting, it invites curiosity and elevates the atmosphere of the space it inhabits.
