IP20

GENERAL INFORMATION:

The Flair Suspension is a modern decorative pendant light that combines bold geometric design with a lightweight textile braided cord construction. Operating at 110–277V and using an E26 light source (max. 60W), it delivers efficient illumination while serving as a striking design element. With an IP20 rating and Appliance Class I classification, it is ideal for indoor applications in residential, hospitality, or commercial settings. Available in versatile finishes such as red, grey, green, and white, the Flair Suspension brings a contemporary, stylish accent to any space, balancing functionality with artistic flair.
