GENERAL INFORMATION:

The Babilonia Table Lamp by LOLA LIGHTING draws inspiration from ancient architectural forms, featuring a solid glass diffuser with vertical striations that enhance its verticality and order. An internal diffuser ensures uniform light distribution, utilizing an integrated 13W LED board that emits 1320 lumens at a warm 3000K color temperature. The lamp's structure is finished in shiny black galvanic nickel, complemented by bronze-rimmed Murano glass elements. Measuring approximately 16 cm (6.3 inches) in diameter and 60 cm (23.6 inches) in height, the Babilonia Table Lamp exemplifies Italian craftsmanship, seamlessly blending traditional artistry with modern design principles.

MATERIAL:

Murano glass

VOLTAGE:

110-277V
