

RATTANA (PENDANT)

PROJECT
SPEC TYPE
NOTES

GENERAL INFORMATION:

Rattana collection is a charming modern piece that feels familiar thanks to its traditionally handcrafted shade. To create the shade's grand dome, artisans intricately weave strands of natural rattan in rings, connecting them with slanting contours. The movement of the natural rattan creates a delightful crisscrossing pattern. The warmth of the bulb inside glazes the inside and silhouettes the outside of the shade, making for a dramatic presentation. It's a fitting piece on its own or as part of a duo over a table.
