

LUNA SILK PENDANT (SUSPENDED)

A spherical pendant crafted from PMMA and natural mulberry silk, combining a pure geometric form with the delicate, organic texture of natural fibers. When illuminated, the silk softly diffuses the light and reveals subtle variations across the surface, giving each globe a unique character.

Luna Silk Pendant is available in three sizes, making it ideal as a single statement light or arranged in clusters at different heights for residential, hospitality, and commercial interiors.
